

Ideation Phase

Define the Problem Statements

Date	18 july 2026
Team ID	
Project Name	A Comprehensive Measure of Well - Being
Maximum Marks	2 Marks

Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

I am	Describe customer with 3-4 key characteristics - who are they?	Describe the customer and their attributes here
I'm trying to	List their outcome or "job" the care about - what are they trying to achieve?	List the thing they are trying to achieve here
but	Describe what problems or barriers stand in the way - what bothers them most?	Describe the problems or barriers that get in the way here
because	Enter the "root cause" of why the problem or barrier exists - what needs to be solved?	Describe the reason the problems or barriers exist
which makes me feel	Describe the emotions from the customer's point of view - how does it impact them emotionally?	Describe the emotions the result from experiencing the problems or barriers

Example:

I am	I'm trying to	But	Because	Which makes me feel
a traveler	book flights on my phone	it takes a long time	The website is not responsive and doesn't have a mobile version	Frustrated

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	I am a government	I'm trying to analyze the Human	But it is difficult to	Because the data is scattered	Confused and unable to make quick decisions.

	policymaker .	Development Index (HDI) of different countries and identify their development level.	compare multiple socio-economic indicators manually.	across different sources and requires detailed analysis	
PS-2	I am a student/researcher.	I'm trying to understand and predict the Human Development Index (HDI) of countries based on development indicators.	But I don't have an easy-to-use platform that provides HDI prediction and classification.	Because existing resources mainly provide reports instead of interactive prediction tools.	Frustrated and less confident in analyzing country development.
